Let us do the roasting for you

We have over 15 years experience roasting pigs. We have roasted pigs for parties as small as 30 and as large as 500.

We DO NOT roast pigs on site, all pigs are roasted here in our smokehouse.

First our pigs are injected with an old world German marinade to give our pigs a flavor you just wont find anywhere else.

Then our pigs are stuffed with a mixture of sauerkraut and our own award winning polish sausage. If you like a spicier sausage our award winning Andouille is a great sausage also. This blend of sausage and sauerkraut helps to keep our pigs moist and is a great side dish that keeps people coming back for more! In some cases we have even had to make up extra kraut because people love it so much!

After its stuffed and tied, the pig goes into our smokehouse to slow roast for 24 hrs. This slow roasting allows all the flavors to mature, keep the meat moist and makes it fall apart tender. No need for a knife to carve our pigs. They are true pulled pork.

As a result of our cooking method you need no special skills to carve and serve one of our roasted pigs.

All pigs are roasted in a 32" square stainless steel pan with handles for easy carrying of the beast
